PROJECTS / OPEN-SOURCE

TICKETS BOOKING SYSTEM | [LINK](#)

MERN Stack

The project objective is to book any type of event tickets in online. The Ticket Reservation Systems is an Internet based application that can be accessed throughout the Net and can be accessed by anyone who has a net connection. This application will reserve the tickets. User can view and buy tickets to various events. And event organizer can display/publish their events.

COMPATIBLE HEADLIGHTS WITH IRREGULAR ROAD CONDITIONS

Hardware Prototype

The main aim of this paper is to avoid accidents occurring at night due to improper lightening condition especially at the cornering of road and also to design and fabricate a simple steering controlled automatic headlight system, that is related to the arrangement of the headlight.
